Věc / Subject: **VII. Central European Exhibition of Racing Pigeons**

Dear sport friends,

We are very sorry about a tricky situation regarding the participation of Ukrainian breeders and pigeons in the VII Central European exhibition of the postal pigeons. However, organizing Committee of the Central European exhibition is not a competent body to decide who and which union is authorized to represent Ukraine at international events.

As we have already informed you our association is willing to pay one double room for the Ukrainian Confederation of Pigeon Sports and one double room for the Ukrainian National Federation of Pigeon Sports. **Nevertheless only one common Ukrainian exhibition collection of pigeons will be accepted at the VII Central European exhibition.**

In case you will not reach any agreement by the date of submission of the electronic documentation on 15.1.2020 and send two exhibition collections from Ukraine, please be informed that we will follow the same procedure as in 2014 – Ukrainian pigeons will not be exhibited and included in the exhibition results. The procedure same will be applied if you deliver more than one collection from Ukraine on the day of acceptance of pigeons on 23.1.2020 by 1 pm.

Currently we have registered delegates as follows:

Yaroslav Mykhalets and Ruslan Sverdel
Ivan Bondarsh and Valeriy Karpenko

Kind regards,

Roman Randjak
Vice-president of the Czech National Racing Pigeon Association

Jaroslav Novotný
Chairman of Exhibition Committee
